CTC Coventry & CTC Rugby - Weekly Bulletin

6th January 2021

I welcome you to the first bulletin of 2021 and send everyone my best wishes for a healthy and happy New Year. Sadly, I'm unable to publish a list of forthcoming rides, but I hope you are able to get out on your bikes to enjoy some of the glorious winter sun that we have been blessed with.

Another of Peter Seamen's pictures from the Wheelwright's Coast to Coast in 2012. This picture was taken on the Loughrigg Fell "path" next to Rydal Water.

HS2 are carrying out works along the M42 over the weekend of 15th-18th January. Whatever your view of the project you cannot help being impressed by the complexity of the task of threading the HS2 junction with its northern link through the M6 / M42 junction. More information can be found by following this link:

https://hs2inwarwicks.commonplace.is/news/2021/01/04/hs2-notification:-temporary-24hour-lane-closures-will-be-installed-along-the-m42-from-8pm-on-friday-15-january-2021-to-5am-on-monday-18-january-2021?utm_campaign=NewsPost&utm_content=HS2+Notification:+Temporary+24-hour+lane+closures+will+be+installed+along+the+M42+from+8pm+on+Friday+15+January+2021+to+5am+on+Monday+18+January+2021&lang=en-GB&utm_source=cp-email&utm_medium=email

And here is the answer to last week's puzzle plus another teaser from Dave Hearn:

The postmill is at Bodicote, near Banbury

This ford is one we have ridden through many times over the years. Once to our cost as the river was flowing particularly fast following lots of heavy rain. It took my front wheel so I decided to simply get off before I was brought off. Silly really as there is a perfectly good footbridge! The ford is just off the A435 between Studley and Alcester.

Question 1 Which National Trust property is nearby?

Question 2 Which river does the ford cross?

And finally...

the last of Mike's bizarre pictures from around the world:
